possible answers or solutions, or by trial and error" (Dictionary.com, 2007, p. 1). A similar study

suggested that problem-based learning activities promoted "critical thinking and problem-solving skills; active participation in the learning process including self-direction, identification of own learning needs, teamwork,

ChapCE15 (14th Nov.) - NCERT

In Example 1, both the events E and F are elementary events. Similarly, in Example 2, all the three events, Y, B and R are elementary events. 2. In Example 1, we note that : $P(E) + P(F) = 1$ In Example 2, we note that : $P(Y) + P(R) + P(B) = 1$ Observe that the sum of the probabilities of all the elementary events of an experiment is 1. This is ...

Chapter 1: The Sociological Perspective

1. Anthropology is the sister discipline of sociology that attempts to understand culture (a people's total way

of life) by focusing primarily on tribal people. This is giving way though to study of groups in industrialized settings. 2. Economics analyzes the production, distribution, and allocation of the material goods and services of a ...
