2. Scoring is based on correct answers. If you don't know the answer,

it pays to guess. It especially pays to rule out one or two obviously incorrect answers, even if you aren't sure about which answer is actually correct. 3. Total time

will be 2 hours (120 minutes). This means you have 1 minute and 43 seconds per question.

Mar 09, 2003 · 8. When the electron gains a specific amount of energy, it moves to a higher orbital and is in the "excited state". You can recognize an excited state electron configuration. If the configuration does not match that on the Periodic Table for that number of electrons, then it is an excited

state.
