Bright Green Lies Derrick Jensen
2021-03-16 "This disturbing but very important book makes clear we must dig deeper than the normal solutions we are offered."—Yvon Chouinard, founder of Patagonia Works "Bright Green Lies exposes the hypocrisy and bankruptcy of leading environmental groups and their most prominent cheerleaders. The best-known environmentalists are not in the business of speaking truth, or even holding up rational solutions to blunt the impending ecocide, but instead indulge in a mendacious and self-serving delusion that provides comfort at the expense of reality. They fail to state the obvious: We cannot continue to wallow in hedonistic consumption and industrial expansion and survive as a species. The environmental debate, Derrick Jensen and his coauthors argue, has been distorted by hubris and the childish desire by those in industrialized nations to sustain the unsustainable. All debates about environmental policy need to begin with honoring and protecting, not the desires of the human species, but with the sanctity of the Earth itself. We refuse to ask the right questions because these questions expose a stark truth—we cannot continue to live as we are living. To do so is suicidal folly. 'Tell me how you seek, and I will tell you what you are seeking,' the German philosopher Ludwig Wittgenstein said. This is the power of Bright Green

Lies: It asks the questions most refuse to ask, and in that questioning, that seeking, uncovers profound truths we ignore at our peril."—Chris Hedges, Pulitzer Prize-winning journalist and author of *America: The Farewell Tour* Karen L. Kilcup
2013-05-01 In 1844, Lydia Sigourney asserted, "Man's warfare on the trees is terrible." Like Sigourney many American women of her day engaged with such issues as sustainability, resource wars, globalization, voluntary simplicity, Christian ecology, and environmental justice. Illuminating the foundations for contemporary women's environmental writing, *Fallen Forests* shows how their nineteenth-century predecessors marshaled powerful affective, ethical, and spiritual resources to chastise, educate, and motivate readers to engage in positive social change. *Fallen Forests* contributes to scholarship in American women's writing, ecofeminism, ecocriticism, and feminist rhetoric, expanding the literary, historical, and theoretical grounds for some of today's most pressing environmental debates. Karen L. Kilcup rejects prior critical emphases on sentimentalism to show how women writers have drawn on their literary emotional intelligence to raise readers' consciousness about social and environmental issues. She also critiques ecocriticism's idealizing tendency, which has elided women's complicity in agendas that depart from today's environmental

orthodoxies. Unlike previous ecocritical works, *Fallen Forests* includes marginalized texts by African American, Native American, Mexican American, working-class, and non-Protestant women. Kilcup also enlarges ecocriticism's genre foundations, showing how Cherokee oratory, travel writing, slave narrative, diary, polemic, sketches, novels, poetry, and expos intervene in important environmental debates.

Eco Chic Matilda Lee 2007-11-30 The hottest trend on the catwalk is ethical clothing. Top fashion designers and spokesmodels including Katharine Hamnett, Stella McCartney and Bono's wife Ali Hewson are all voicing the benefits of eco chic. But what is this new fad, and what difference can it make to the world? "Eco Chic" gives you the full story on this fashion phenomenon, from which fabrics are harmful to the environment, to how you can create your own eco-friendly fashions through recycling and savvy shopping. You will discover how to spot and avoid garments produced in sweatshops and why supermarket 'fast clothes' make both you and the planet sick. This book will allow you to look

great but also feel good about your impact on other people and the planet as a whole.

Plant the Tiny Seed Christie Matheson

2017-01-24 There is magic in every tiny seed. The seeds that come in little paper packets and those that fall from flowers and plants. In every garden and every flowerpot, magic can grow. With a little sunlight, a little water, and a little help from birds and worms and bees, a tiny seed sprouts, a plant grows, and a beautiful flower blooms. There is magic in every tiny seed. And in this book, you become the magician. How? Press the seed into the ground, wiggle your fingers to add water, clap to bring the sun. And then . . . turn the page. What can grow from one tiny seed? Press, tap, wiggle, and jiggle to start the magic! Press the seed—don't be shy! Wiggle your fingers to add some water. Clap your hands to bring the sun. Wow! A beautiful flower!

Generation Green Linda Sivertsen

2008-08-05 We all know about the Earth's environmental crisis, but there is someone who can truly make a difference: you. If you text your friends or chat with them online, download music to your iPod, or toss bottles and papers into recycling bins, you're already more eco-savvy than you think. It's just as easy to do even more to help save the earth, and Generation Green shows you how. This book: Lays out the inside scoop on the biggest issues affecting our planet, such as global warming and overflowing landfills Offers dozens of tips on how to shop, dress, eat, and travel the green way Includes interviews with teens like you who are involved with fun, innovative green causes Shows that being environmentally conscious can be a natural part of your life -- and your generation's contribution to turning things around. It doesn't matter if you can't vote or drive. Your efforts -- big or small -- will contribute to saving the planet. It's time for all of us to take action. It's time to go green!

Routledge International Handbook of Sustainable Development Michael

Redclift 2015-03-02 This Handbook gives a comprehensive, international and cutting-edge overview of Sustainable Development. It integrates the key imperatives of sustainable development, namely institutional, environmental, social and economic, and calls for greater participation, social cohesion, justice and democracy as well as limited throughput of materials and energy. The nature of sustainable development and the book's theorization of the concept underline the need for interdisciplinarity in the discourse as exemplified in each chapter of this volume. The Handbook employs a critical framework that problematises the concept of sustainable development and the struggle between discursivity and control that has characterised the debate. It provides original contributions from international experts coming from a variety of disciplines and regions, including the Global South. Comprehensive in scope, it covers, amongst other areas: Sustainable architecture and design Biodiversity Sustainable business Climate change Conservation Sustainable consumption De-growth Disaster management Eco-system services Education Environmental justice Food and sustainable development Governance Gender Health Indicators for sustainable development Indigenous perspectives Urban transport The Handbook offers researchers and students in the field of sustainable development invaluable insights into a contested concept and the alternative worldviews that it has fostered.

50 Simple Things You Can Do to Save the Earth John Javna 2008-04-01

Together, We Can Make a Difference Today's environmental problems may seem too overwhelming for one person to tackle . . . but you don't have to

do it alone. Now you have partners—50 of them. *50 Simple Things You Can Do to Save the Earth*, the revolutionary 1990 bestseller, is back in a completely revised, updated edition . . . and it's just as innovative and groundbreaking as the original. The authors have teamed up with 50 of America's top environmental groups, including The Natural Resources Defense Council, the National Wildlife Federation, and Rainforest Action Network. Each group has chosen one issue and provided a simple, step-by-step program that will empower you and your family to become citizen activists in the fight to save the Earth. It's easy to get started. Just pick one! Fight global warming "one city at a time" with the Sierra Club's Cool Cities Campaign. Roll up your sleeves and save an endangered species with the Wilderness Society. Protect coral reefs and create a marine reserve with Seacology. Get your congregation excited about protecting God's creations with Interfaith Power and Light. Invite songbirds into your neighborhood with the National Audubon Society. All it takes is a little effort. When we work together, we can work miracles! Get started now!

Body & Soul (Watertown, Mass.) 2008
Eco-chic Sandy Black 2008 Eco-Chic: The Fashion Paradox is an examination of the relationship between fashion and environmental awareness - combating the universal reputation of eco-fashion as wholesome, un-dyed, shapeless and itchy. A new wave of sustainable shopping, affordable clothing, and ecological thinking has allowed eco-designers to create high-end, design-led collections rather than merely environmentally sympathetic garments. Eco-Chic: The Fashion Paradox aims to address the preconceived idea of eco-fashion as a compromise in style and quality and places eco-fashion where it belongs at the forefront of design. Eco-fashion is changing its image from dowdy and well meaning to genuinely desirable and Eco-Chic: The Fashion Paradox is an analysis of fashion and ethical practice as the naked truth behind the clothes we wear is exposed.

Ethical Consumption Tania Lewis 2013-01-11 A not-so-quiet revolution seems to be occurring in wealthy capitalist societies - supermarkets selling 'guilt free' Fairtrade products; lifestyle TV gurus exhorting us to eat less, buy local and go green; neighbourhood action groups bent on 'swopping not shopping'. And this is happening not at the margins of society but at its heart, in the shopping centres and homes of ordinary people. Today we are seeing a mainstreaming of ethical concerns around consumption that reflects an increasing anxiety with - and accompanying sense of responsibility for - the risks and excesses of contemporary lifestyles in the 'global north'. This collection of essays provides a range of critical tools for understanding the turn towards responsible or

conscience consumption and, in the process, interrogates the notion that we can shop our way to a more ethical, sustainable future. Written by leading international scholars from a variety of disciplinary backgrounds - and drawing upon examples from across the globe - Ethical Consumption makes a major contribution to the still fledgling field of ethical consumption studies. This collection is a must-read for anyone interested in the relationship between consumer culture and contemporary social life.

ECOREnaissance Marci Zaroff
2018-08-14 *ECOREnaissance* provides inspiring tips and tricks for how to live and shop in harmony with nature without sacrificing style or luxury, and how best to benefit from the current renaissance—a global rebirth of sustainable economics, progressive ethics, and green culture—through the wisdom of eco-entrepreneurs, green fashion designers, organic food purveyors, and innovative leaders of this new movement. Gone are the days of boxy hemp shirts and gritty granola—cutting-edge innovation has made ecology as stylish and sexy as red carpet fashion, and everyday people are leading the charge with the choices they make in grocery stores, car lots, at work, in schools, and in their homes. In *ECOREnaissance*, renowned visionary Marci Zaroff provides a comprehensive guide to help you embrace sustainable living as both a celebration of style and a necessary strategy for maintaining our everyday comforts despite increasingly limited resources. From global warming to drought, genetically modified foods to harmful chemicals in our beauty products, for too long commerce has ignored the health of our planet and our bodies. But now a new age is dawning: one that is uplifting, gorgeous, and accessible. With roundtable discussions from inspiring leaders of the green movement, *ECOREnaissance* offers you eye-opening and groundbreaking resources to transform your life through supporting companies making significant, practical ecological change. By shining a light on leaders

of sustainability throughout the world, Zaroff will transform your understanding of eco-minded products and open new possibilities for you to make a positive impact. Equipped with these tools, you will find new, empowering ways to make “green” elegant in your life, prioritizing current global needs without sacrificing comfort.

Body and Soul 2008-07

Green Consumption Bart Barendregt
2014-02-27 Green lifestyles and ethical consumption have become increasingly popular strategies in moving towards environmentally-friendly societies and combating global poverty. Where previously environmentalists saw excess

consumption as central to the problem, green consumerism now places consumption at the heart of the solution. However, ethical and sustainable consumption are also important forms of central to the creation and maintenance of class distinction. Green Consumption scrutinizes the emergent phenomenon of what this book terms eco-chic: a combination of lifestyle politics, environmentalism, spirituality, beauty and health. Eco-chic connects ethical, sustainable and elite consumption. It is increasingly part of the identity kit of certain sections of society, who seek to combine taste and style with care for personal wellness and the environment. This book deals with eco-chic as a set of activities, an ideological framework and a popular marketing strategy, offering a critical examination of its manifestations in both the global North and South. The diverse case studies presented in this book range from Basque sheep cheese production and Ghanaian Afro-chic hairstyles to Asian tropical spa culture and Dutch fair-trade jewellery initiatives. The authors assess the ways in which eco-chic, with its apparent paradox of consumption and idealism, can make a genuine contribution to solving some of the most pressing problems of our time.

The Chic Shall Inherit the Earth
Adina Senft 2021-04-28 Book 6 in the Glory Prep series of faith-based young adult novels! Let's take a moment here. The words last term of senior year need some respect, not to mention celebration. They need to be paused over and savored. Excuse me. ... Okay, I'm back. Yes, Lissa Mansfield is back, ready for graduation after overcoming cliques, classes, and controversy (just don't bring up the Callum McCloud video incident from her first term). Her friendships with Gillian, Carly, Shani, and Mac have been through the fire and come out on

the other side like pure gold. But the year isn't over yet. Her nemesis, Vanessa Talbot, lets slip a secret so shocking that it could ruin her future—and Lissa holds the key to her total destruction. Lissa could rule the school, if it weren't for her troublesome conscience prompting her to do the hardest thing in the world: the right thing. "Full of faith, love, and hope, Lissa, Gillian, Carly, Mac, and Shani lead by example—and this comes out ten-fold in *The Chic Shall Inherit the Earth*. When others would turn their backs, these girls reach out and try to make things better. You can't read this book and not want to follow their example. Adina is a wonderful author, whose books no one should miss (no matter what your age)."

Rebecca Leffler 2015-04-21 Say Bonjour to Green Cuisine—it's the new French way to be healthy, happy, and stylish, bien sûr! No one does food and lifestyle like the French! That's why the French approach to clean, green eating adds a dash of flair—or a drizzle of decadence—to even the humblest of fruits, veggies, and legumes. In this cheerful, charming cookbook, Rebecca Leffler shows you how they do it. She introduces her “best friend foods” like sweet potatoes and chia, whirlwinds through an entire rainbow of juices and smoothies, and keeps the focus on fitness, food, and fun in equal measures. Globally inspired, but with lots of French accents, all 150 plant-based recipes are free of gluten, soy, and refined sugar. Rebecca organizes them the natural way: by season. Feed your body what it needs during . . . Spring: Beet Rawvioli with Faux-mage, White Asparagus Velouté, Le “Chic” Cake Summer: Salade Niçoise, Cabinet Curry, “Split”—Second Banana Ice Cream Fall: Sobeautiful Soba Salad, Beauty Bourguignon, Pancrêpes, Apple Tarte Tatin Winter: Totally Wild Stuffed Squash, Amaranth Caviar, Happy Hazelnut Quinoa Bowl. Plus, enjoy Rebecca's mood-boosting tips year round: natural beauty treatments, illustrated yoga poses, and positive playlists to sing along with as you peel, mince, and stir. Having to choose between pleasure and health is so last season. It's time to say non to unhealthy foods and oui to color, flavor, variety, and smiles!

The New 50 Simple Things Kids Can Do

to Save the Earth EarthWorks Group 2009-05-01 In The New 50 Simple Things Kids Can Do to Save the Earth, Sophie and John have revised the original best-selling book for a concerned and vibrant Web 2.0 youth market. It's easy-to-do and kid-friendly projects show that kids can make a difference, and each chapter is packed with tons of links to groups and resources. What makes this book stand out, though, is that it doesn't just inform kids, it encourages them to make a difference by providing them, their friends and their families the tools to take action. Together, John and Sophie enlighten, educate, and encourage our children with easy and smart ways to save the earth. Pretty darn cool, huh? We thought so. What you can do: Order now and help save the only earth we've got. Mother Earth needs our help now.

Ecopiety Sarah McFarland Taylor 2019-11-12 Tackles a human problem we all share—the fate of the earth and our role in its future Confident that your personal good deeds of environmental virtue will save the earth? The stories we encounter about the environment in popular culture too often promote an imagined moral economy, assuring us that tiny acts of voluntary personal piety, such as recycling a coffee cup, or purchasing green consumer items, can offset our destructive habits. No need to make any fundamental structural changes. The trick is simply for the consumer to buy the right things and shop our way to a greener future. It's time for a reality check. Ecopiety offers an absorbing examination of the intersections of environmental sensibilities, contemporary expressions of piety and devotion, and American popular culture. Ranging from portrayals of environmental sin and virtue such as the eco-pious depiction of Christian Grey in *Fifty Shades of Grey*, to the green capitalism found in the world of mobile-device “carbon sin-tracking” software applications, to the socially conscious vegetarian vampires in *True Blood*, the volume illuminates the work pop culture performs as both a mirror and an

engine for the greening of American spiritual and ethical commitments. Taylor makes the case that it is not through a framework of grim duty or obligation, but through one of play and delight, that we may move environmental ideals into substantive action.

The Secondhand Wardrobe Cheryl Gorn 2011-01 The Secondhand Wardrobe is a short introductory guide to chasing down the best used clothing deals. Read it and learn how to tell the treasures from the items that should be left on the rack. Find out why large thrift stores offer more diverse style options than large department stores and why new and barely worn clothes wind up being sold secondhand. Get pointers on how to organize your hunt for maximum efficiency and also get a fresh perspective on why many people feel uncomfortable buying and wearing used clothing. Learn to care for your bargains and find out which "dry clean only" items can be washed by hand, or even better, tossed into the washing machine. Finally, get information about how shopping secondhand is the greenest way to go.

Indianapolis Monthly 2008-05 Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. A Moda num Mundo Global Isabel Cantista 2011-05-01 Sendo a moda um fenómeno global, este livro tem como objectivo ajudar à compreensão deste fenómeno nas suas variadas vertentes, numa perspectiva internacional. O livro contém as reflexões de professores e investigadores de todo o mundo, e de várias áreas do saber. Numa abordagem pluridisciplinar e democrática, o livro dá voz a professores consagrados, mas também a jovens investigadores, procurando contribuir para ultrapassar as dificuldades que, muitas vezes, estes encontram, ao tentar publicar os resultados do seu trabalho. A obra

destina-se, em primeiro lugar, a gestores e profissionais do munda da moda que pretendam aprofundar as raízes deste fenómeno e ter uma perspectiva actual do que se passa na indústria e no retalho, a nível global. O livro é coordenado por Isabel Cantista, Francisco Vitorino Martins, Paula Rodrigues, Maria Helena Villas Boas Alvim e é composto por 15 artigos, escritos por 24 autores, nomeadamente: Ana Balda, Aleksandra Jatczak, Carlos Teixeira, Claire Watson Ma, Cristina Queijeiro Almeida, David Backhouse M, Francisco Vitorino Martins, Helena Alves, Isabel Cantista, Jorge Latorre, Juliana Floriano, Laura Meraviglia, Luiz Salomão Ribas Gomez, Magali Olhats, Miguel Neiva, Milton Luiz Horn Vieira, Mónica Codina, Paula Rodrigues, Pierre Xiao Lu, Rogério Sousa, Rui A. L. Miguel, Saskia Westerduin, Viola Hofmann, Yolanda Espiña.

Forever Chic Tish Jett 2013-10-15 For any woman who last saw forty on her speedometer comes a sparkling new primer for aging—the French way—with grace and style. Frenchwomen of a certain age (over forty) are captivating and complex. They appear younger than their years and remain stylish throughout their lives. They look at birthdays as a celebration of a life well-lived and perhaps a good reason to go shopping before they dress to perfection for a celebration of another anniversaire. American-born journalist and blogger Tish Jett has lived among the French for years and has studied them and stalked them to learn their secrets. Exploring how their wardrobe, beauty, diet, and hair rituals evolve with time and how some aspects of their signature styles never change, Jett shows how Frenchwomen know their strengths, hide their weaknesses, and never talk about their fears, failures, or flaws. After all, in France, beauty, style, and charm have no expiration dates!

The Scavengers' Manifesto Anneli Rufus 2009-03-19 Destined to become the bible for a bold new subculture of eco-minded people who are creating a lifestyle out of recycling, reusing, and repurposing rather than

buying new. An exciting new movement is afoot that brings together environmentalists, anticonsumerists, do-it-yourselfers, bargain-hunters, and treasure-seekers of all stripes. You can see it in the enormous popularity of many websites: millions of Americans are breaking free from the want-get-discard cycle by which we are currently producing approximately 245 million tons of waste every day (that's 4.5 pounds per person, per day!). In *The Scavengers' Manifesto*, Anneli Rufus and Kristan Lawson invite readers to discover one of the most gratifying (and inexpensive) ways there is to go green. Whether it's refurbishing a discarded wooden door into a dining-room table; finding a bicycle on freecycle.org; or giving a neighbor who just had a baby that cute never-used teddy bear your child didn't bond with, in this book Rufus and Lawson chart the history of scavenging and the world-changing environmental and spiritual implications of "Scavenomics," and offer readers a framework for adopting scavenging as a philosophy and a way of life.

Green Chic Christie Matheson
2008-03-01 "Matheson slyly steers us toward consumer goods and services that minimize our earth-stomping human footprint. She's brave enough to say 'buy less of everything,' and even the politically fraught 'buy nothing.' Matheson's genius is to make this seem not only doable, but fun." - Elizabeth Royte, author of *Garbage Land* and *Bottlemania* Want to go green without giving up great style? Welcome to the world of Green Chic. Choosing to be green makes a real difference in the fight against global warming. But did you know that it's also hip, classic and stylish? Offering up dozens of author-tested, earth-friendly ideas, writer Christie Matheson reveals that being chic and saving the planet aren't mutually exclusive. Embrace the fabulousness of green living and you can: - Look gorgeous - Have a killer wardrobe -

Feel amazing - Travel in style - Create a home that's an oasis - Host fun parties - Eat incredible food and drink phenomenal wine ... All while feeling more connected to your friends, family and nature. (And did we mention that green women don't get fat?) Printed on recycled paper, with a portion of its proceeds going to a green cause, *Green Chic* is the perfect book for style-savvy readers with a green heart. Can living a chic green lifestyle TRULY make a difference to the planet? You bet your organic cotton sheets it can. Buying into the Green Chic movement doesn't mean you need to buy more stuff. Avoid products that purport to be green just for the marketing effect: "organic" processed foods; huge, gas-guzzling hybrid SUVs; clothes boasting that they're green just because they're made from "natural" cotton. Claiming to be green is trendy and companies out there are taking advantage. Don't believe all the hype. 10 GREEN CHIC- AND EASY-WAYS TO MAKE A DIFFERENCE - Ditch bottled water: refill a sassy thermos. - Pop little purchases in your purse, not a shopping bag. - Sip biodynamic wine. - Choose cashmere, not acrylic. - Let your hair air dry for a while before you blow dry: less frizz, less energy consumed. - Unplug (and put away) unsightly cell phone chargers. - Opt for quality over quantity in everything you buy. - Cut down on clutter. - Limit your consumption of anything packaged in plastic. - Support local designers. BUT REMEMBER: Don't go out and replace everything you own, from your makeup to your wardrobe to your furniture, with (theoretically) ecofriendly products. Being ecofriendly means consuming less, not more. Get in the habit of thinking before you buy. The best time to purchase ecofriendly goods is when you need them. That's when you're in a position to make a choice and express yourself as a green consumer. Being Green isn't a fad ... it's timelessly chic.
