The Burdens of Being Upright Tracy Bonham 1997-06-01 Tracy Bonham is one of the new breed of female alternative rockers in the Alanis Morissette vein. This features 12 songs from her album.

Eutrophication Management and Ecotoxicology Martin C.T. Scholten 2006-03-30 This book bridges the gap between ecotoxicology and limnology, offering an ecotoxicological perspective on lake management. The text describes eutrophication of shallow, temperate lakes, and examines the influence of toxic substances on the aquatic ecosystem, and proposes that nutrients like phosphorus are not the only important factor in explaining and managing eutrophication. Draws on a range of studies and experiments, some presented here for the first time.

iPhoto '09 for Mac OS X Adam Engst 2009 A guide to iPhoto shows how to set preferences, import and export images, edit photos, organize photo libraries and albums, make slideshows, publish photos on the Web, and print photos.

The Bible Study Handbook Lindsay Olesberg 2012-11 Lindsay Olesberg provides a comprehensive guide to one of the most essential practices in the Christian life. The Bible Study Handbook lays a foundation for why we read the Bible, what attitudes and expectations are most helpful as we enter into serious study, and what practices yield the most fruit....

Type on Screen Ellen Lupton 2014-08-12 The long awaited follow-up to our all-time bestseller Thinking with Type is here. Type on Screen is the definitive guide to using classic typographic concepts of form and structure to make dynamic compositions for screen-based applications. Covering a broad range of technologies—from electronic publications and websites to videos and mobile devices—this hands-on primer presents the latest information available to help designers make critical creative decisions, including how to choose typefaces for the screen, how to style beautiful, functional text and navigation, how to apply principles of animation to text, and how to generate new forms and experiences with code-based operations. Type on Screen is an essential design tool for anyone seeking clear and focused guidance about typography for the digital age.

Insight Guides Estonia, Latvia & Lithuania Insight Guides 2019-05-01 Insight Guides: all you need to inspire every step of your journey. From deciding when to go, to choosing what to see when you arrive, this is all you need to plan your trip and experience the best of Estonia, Latvia and Lithuania, with in-depth insider information on must-see, top attractions like Tallinn's old town, and cultural gems like Trakai Castle · Insight Guide Estonia, Latvia and Lithuania is ideal for travellers seeking immersive cultural experiences, from exploring Vilnius, to discovering Riga · In-depth on history and culture: enjoy special features on the recent history of the Baltic States, all written by local experts · Invaluable maps, travel tips and practical information ensure effortless planning, and encourage venturing off the beaten track · Inspirational colour photography throughout - Insight Guides is a pioneer of full-colour guide books · Inventive design makes for an engaging, easy reading experience About Insight Guides: Insight Guides is a pioneer of full-colour guide books, with almost 50 years' experience of publishing high-quality, visual travel guides with user-friendly, modern design. We produce around 400 full-colour print guide books and maps, as well as phrase books, picture-packed eBooks and apps to meet different travellers' needs. Insight Guides' unique combination of beautiful travel photography and focus on history and culture create a unique visual reference and planning tool to inspire your next adventure.

Industrial Microbiology Michael J. Waites 2013-05-22 Of major economic, environmental and social importance, industrialmicrobiology involves the utilization of microorganisms in theproduction of a wide range of products, including enzymes, foods,beverages, chemical feedstocks, fuels and pharmaceuticals, andclean technologies employed for waste treatment and pollutioncontrol. Aimed at undergraduates studying the applied aspects of biology,particularly those on biotechnology and microbiology courses andstudents of food science and biochemical engineering, this textprovides a wide-ranging introduction to the field of industrialmicrobiology. The content is divided into three sections: key aspects of microbial physiology, exploring the versatilityof microorganisms, their diverse metabolic activities andproducts industrial microorganisms and the technology required forlarge-scale cultivation and isolation of fermentationproducts investigation of a wide range of established and novelindustrial fermentation processes and products Written by experienced lecturers with industrial backgrounds,Industrial Microbiology provides the reader with groundwork in boththe fundamental principles of microbial biology and the varioustraditional and novel applications of microorganisms to industrialprocesses, many of which have been made possible or enhanced byrecent developments in genetic engineering technology. A wide-ranging introduction to the field of industrialmicrobiology Based on years of teaching experience by experienced lecturerswith industrial backgrounds Explains the underlying microbiology as well as the industrialapplication. Content is divided into three sections: 1. key aspects of microbial physiology, exploring theversatility of microorganisms, their diverse metabolic activitiesand products 2. industrial microorganisms and the technology required forlarge-scale cultivation and isolation of fermentation products 3. investigation of a wide range of established and novelindustrial fermentation processes and products

Hydrotreating Technology for Pollution Control Mario L. Occelli 1996-08-06 "Based on the American Chemical Society's Second Symposium on Advances in Hydrotreating Catalysts, held in Washington, D.C. Offers comprehensive coverage of the most recent progress in catalysis by transition metal sulfides for the creation of more environmentally safe catalysts and processes. Written by over 70 acclaimed experts from various fields."

How to Draw Nintendo Greatest Heroes & Villains 2007 A step-by-step guide to drawing your favorite Nintendo heroes and villains.

Holman QuickSource Guide to Christian Apologetics Doug Powell 2006-07-01 In today’s pluralistic society, not every approach to sharing the gospel will work with all people. Being ready to give reasons for the hope we have in Christ means understanding the contextual framework of the people we are addressing. In the Holman QuickSource Guide to Christian Apologetics, Renaissance man Doug Powell defends the Christian faith in a new key; taking timehonored approaches in apologetics and freshly presenting them for a new generation. Chapters include: 1. What Is Apologetics? 2. The Cosmological Argument for God’s Existence 3. The Teleological Argument for God’s Existence 4. The Axiological Argument for God’s Existence 5. Which God Exists? 6. Where Did the New Testament Come From? 7. Is the New Testament Reliable? 8. ExtraBiblical Evidence for Jesus 9. Is the Old Testament Reliable? 10. The Fulfillment of Prophecy 11. What About Miracles? 12. Was Jesus Raised from Death? 13. Did Jesus Claim to Be God? Is He the Only Way? 14. How can God allow Evil, Pain, and Suffering?

Prince2 Foundation Training Manual Van Haren Publishing 2017-01-15 Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

Harnessing AutoCAD 2004 Exercise Manual Thomas A. Stellman 2003-08 This most recent edition of Harnessing AutoCAD continues in the tradition of previous versions by providing the widest selection of discipline-specific exercises and projects for learning how to use today's leading desktop design and drawing software. A smart how-to and reference manual, Harnessing AutoCAD 2004 contains up-to-the-minute functionality including extensively illustrated examples of 'prompt-response' sequences, whereby certain commands prompt users for additional information such as coordinates or dimensions to

complete a function. The companion Exercise Manual has been also been updated, featuring problems in complete project format for practicing concepts and commands learned in chapter or section, as well as for testing single concepts and commands. This complete package is appropriate for either the novice or advanced user. The companion Exercise Manual provides more than 200 discipline-specific exercises and projects for learning how to use today's leading desktop design and drawing software. Updated to AutoCAD 2004, the manual features problems in complete project format that help readers practice concepts and commands modeled on AutoCAD use in the architectural, mechanical, electrical, and civil fields.

Guide to Assembly Language Programming in Linux Sivarama P. Dandamudi 2005-07-15 Introduces Linux concepts to programmers who are familiar with other operating systems such as Windows XP Provides comprehensive coverage of the Pentium assembly language

Grannies, Inc. Guide to Knitting Katie Mowat 2012-10-25 When it comes to knitting, who knows better than our nan? If you get tangled in a ball of wool, she's always the first person you call to help you sort your cross stitch from your cable. While recruiting for her fledgling online knitwear company, Katie Mowat swiftly realised that it was mainly older women, namely grannies, who were volunteering their services, and so Grannies Inc. was born. Since 2009 they have gone from strength to strength, and from one product (beanies), they now design and produce a whole range of knitwear. Her crack squad of 15 grannies will be contributing their 'purls' of wisdom and patterns to help the new knitting generation in this attractive book. With knitting patterns for snoods, legwarmers, slouch socks, laptop cases and beanies, you'll be cool and cosy in no time. As the grannies say, 'May your bobbin always be full.' *Facilitator's Guide to Failure Is Not an Option*® Alan M. Blankstein 2009-11-24 Aligning theory with practice, chapter-by-chapter activities and discussion questions examine the critical role of a strong learning community in implementing effective school reform, with a focus on Blanksteins six guiding principles:Common mission, vision, values, and goals Systems for prevention and intervention Collaborative teaming for teaching and learning Data-driven decision making and continuous improvement Active engagement from family and community Building sustainable leadership capacity With the Facilitators Guide to Failure Is NOT an Option™, you can effectively lead others through dialogue, reflection, and application of Blanksteins principles. It is an ideal resource for school principals, district administrators, teacher leaders, and educational policy makers, and perfect for groups of any size-pairs, small workshops, and large seminars.

Fantastic Cinema Subject Guide Bryan Senn 2008-02-25 About 2,500 genre films are entered under more than 100 subject headings, ranging from abominable snowmen through dreamkillers, rats, and time travel, to zombies, with a brief essay on each topic: development, highlights, and trends. Each film entry shows year of release, distribution company, country of origin, director, producer, screenwriter, cinematographer, cast credits, plot synopsis and critical commentary.

Green Entrepreneur Handbook Eric Koester 2016-04-19 Written by a practicing business attorney with startup experience in the environmental and technology sectors, this comprehensive handbook assists entrepreneurs in tackling the wide variety of opportunities to go green. A one-stop resource for entrepreneurs, it helps readers incorporate clean technology, environmental practices, and green business approaches into the work environment. The book discusses how to sell to utilities, explores fundraising outlets for green businesses, covers government incentives, presents key startup tools aimed at green businesses, and addresses challenges of many new businesses, such as raising money and making sales. Additional resources are available on the book's website.

Toward a Critical Sociology Norman Birnbaum 1973-02-15 Norman Birnbaum has contributed to Toward a Critical Sociology as an author.Norman Birnbaum is University Professor at Georgetown University Law School and the author of The Crisis of Industrial Society and Toward a Critical Sociology (both from OUP). A founding editor of New Left Review, he has served on the board of Partisan Review and The Nation . He lives in Washington, D.C.

Danger on the Page Brian Shawver 2015-04-07 Although fiction writers must concern themselves with "big picture" issues such as plot, theme, and character development, much of the day-to-day work of writing involves finding answers to seemingly minor questions: How should I describe the exterior of a house? How can I construct the voice of a historical narrator with authenticity? How should I depict a physically atypical character? Few books on the market address the problems and opportunities present in these and other questions, yet they are the ones that most writers grapple with on a daily basis. *Danger on the Page: A Fiction Writer's Guide to Sex, Violence, Dead Narrators, and Other Challenges* identifies and explores some of the more common and intractable situational challenges of fiction writing, with chapters grouped into the general subject areas such as scenes, characters, points of view, and settings. Shawver delves into the pitfalls and opportunities of writing about sex, violence, sports, and love; he examines writing from the perspective of a different race, gender, or species; he interrogates conventional beliefs about the use of brand names, the description of architecture, and the portrayal of nature. Throughout, he gives dozens of examples from both literary and commercial fiction so readers can borrow (or reject) other writers' techniques and explore the myriad challenges of fiction writing on their own. A lively and witty approach to a diverse range of specific writing issues, Shawver's book will appeal especially to intermediate-level writers seeking to bring their craft to the next level.

Ties That Bind, Ties That Break Lensey Namioka 2007-12-18 Third Sister in the Tao family, Ailin has watched her two older sisters go through the painful process of having their feet bound. In China in 1911, all the women of good families follow this ancient tradition. But Ailin loves to run away from her governess and play games with her male cousins. Knowing she will never run again once her feet are bound, Ailin rebels and refuses to follow this torturous tradition. As a result, however, the family of her intended husband breaks their marriage agreement. And as she enters adolescence, Ailin finds that her family is no longer willing to support her. Chinese society leaves few options for a single woman of good family, but with a bold conviction and an indomitable spirit, Ailin is determined to forge her own destiny. Her story is a tribute to all those women whose courage created new options for the generations who came after them.

A Glimpse of Eternal Snows Jane Wilson-Howarth 2012 Set against the backdrop of one of the most colorful countries in the world, A Glimpse of Eternal Snows is an inspiring story of courage, love and a family’s determination to give their child the best life possible. In pulsating, polluted Kathmandu and an idyllic village on a river island at the foot of the Himalayas, ‘Doctor Jane’ and her engineer husband Simon hope to make a difference: Jane to fulfil her vision to heal and advocate for the poor, Simon to avert the floods that threaten to devastate the land every monsoon season. The Nepali people are accepting of whatever fate flings at them and here the family find sanity, compassion and joy with baby David, who in England was little more than an ‘interesting case’. This is a tale of Himalayan highs and monsoon lows, of cultural complexities, unexpected wildlife and rugged terrain, of vivid color, superstition and spicy smells.

Free Radicals in Biology William Pryor 2012-12-02 Free Radicals in Biology, Volume V covers the mechanisms for the generation of free radicals. This volume contains eight chapters that discuss the biology and chemistry of oxy-radicals in mitochondria and the radical-mediated metabolism of xenobiotics. The opening chapter describes the mechanisms of free radical production in enzymatically promoted lipid peroxidation, generally in microsomes or microsomal lipids. The subsequent chapters explore the biochemistry and biology of plant and animal lipoxygenases; the production of superoxide and hydrogen peroxide in mitochondria; and the biological role of these species in mitochondria and related systems. The discussions then shift to the effects of superoxide production in white blood cells, with an emphasis on an evaluation of the oxygen-dependent reactions of the important phagocytic cells, the monocytes, and the polymorphonuclear leukocytes. This volume further covers the formation and the role of oxy-radicals in the red blood cell, which is a

very useful system for studying the protection of biological tissue against radical-mediated damage. A chapter presents a comprehensive review of the production of free radicals during the metabolism of xenobiotics. The last chapters provide an overview of the enzymology, biological functions, and free radical chemistry of glutathione peroxidase. These chapters also examine a number of gerontological principles and the effect of antioxidants in aging. Chemists, biologists, and physicists will find this book of great value.

The Stinky Cheese Man and Other Fairly Stupid Tales Jon Scieszka 2004-05 The stories in this book are almost Fairy Tales. But not quite. They are Fairly Stupid Tales. What else would you call a story like 'Goldilocks and the Three Elephants'? In this hilarious retelling of familiar tales, Jon Scieszka also includes the story of Chicken Licken, 'The Really Ugly Duckling,' 'The Tortoise and the Hair,' 'Cinderumpelstiltskin,' 'Little Red Running Shorts,' 'Jack's Bean Problem,' and many more! Each story is accompanied by funny color illustrations by Lane Smith. The book warns that 'Anyone caught telling these fairly stupid tales will be visited, in person, by the Stinky Cheese Man.'

The Pocket Guide to Restorative Justice Pete Wallis 2007-12-01 This pocket-sized guide covers every stage of the process, from how a facilitator should prepare for taking on a new case, through initial contacts with victim and offender and facilitating meetings, to recording and evaluating a case. This is an invaluable companion for any professional needing to know about restorative justice.

The Practical Guide to Corporate Social Responsibility Stephen Asbury 2016-04-14 Corporate social responsibility has gained substantial traction in recent decades but many still struggle with conveying the importance of integrating ethics and environmental and social values within the demands of a business world understandably concerned with making profit. First published in 2009 as 'Do the Right Thing', The Practical Guide to Corporate Social Responsibility guides you through the basics, teaching how to recognise CSR benefits and put principles into practice in a business-focussed way. This new edition helps readers get to grips with improving their organisation's environmental management, sustainability, health and safety and trading ethics with straightforward guidance and tips. A new 'Do The Right Thing' Model assists organisations with identifying risks and frames corporate social responsibility in a business context accessible to all. Features include: An updated Do the Right Thing Model aligned to the new ISO high level structure for management system standards 20 global case studies to demonstrate how the model can impact performance A corporate social responsibility policy template for your organisation's use Helpful 'Test your thinking' exercises to check your understanding and stretch your working knowledge 100 practical actions for you to start implementing today This is an essential introduction to the complex areas of corporate social responsibility that affect health and safety practitioners, environmental managers, human resources personnel and those working with quality and business assurance. It will also be critical reading for those looking to understand how CSR fits into the new high level structure of ISO 9001, ISO 14001 and ISO 45001.

The Path to Salvation Saint Feofan (Bishop of Tambov and Shatsk) 1996

Manual of Psychosocial Rehabilitation Robert King 2012-08-06 Psychosocial Rehabilitation is a comprehensive ready-reference for mental health practitioners and students, providing practical advice on the full range of interventions for psychosocial rehabilitation. It contextualises the interventions described and provides pointers to enable the reader to explore the theory and research. This manual recognises the wide-ranging impact of mental illness and its ramifications on daily life, and promotes a recovery model of psychosocial rehabilitation and aims to empower clinicians to engage their clients in tailored rehabilitation plans. The book is divided into five key sections. Section 1 looks at assessment covering tools available in the public domain, instruments, scoring systems, norms and applications for diagnosis and measurement of symptoms, cognitive functioning, impairment and recovery. Section 2 covers the full range of therapeutic interventions and offers advice on training and supervision requirements and evaluation of process, impact and outcome. Section 3 provides manuals and programs for intervention effectively provided as group activities. Section 4 explains how to design a full programme that integrates therapeutic interventions with group programmes as well as services provided by other agencies. The final section looks at peer support and self help, providing manuals and resources that support programmes and interventions not requiring professional or practitioner direction.

Community Rehabilitation in Neurology Michael P. Barnes 2003-09-04 Rehabilitation should not stop when the disabled person is discharged from hospital, and many neurological patients require ongoing rehabilitation in order to maximize their functional abilities, minimize complications and promote full participation at home and in the community. This book analyses community rehabilitation needs from many different perspectives, including the views of disabled people, rehabilitation clinicians and service providers. Many examples of community rehabilitation schemes are presented, with evidence for their effectiveness, and case studies are used to highlight the main issues. The authors take an international view, and there are chapters dealing with the disabled child in the community and with neuropsychological rehabilitation. This important book examines the growing trend towards community rehabilitation in neurology and is directed towards all clinicians involved with neurorehabilitation.

DFSMStvs Overview and Planning Guide Dave Lovelace 2003 This IBM Redbooks publication describes how DFSMStvs works, how and when you might use it, and what you need to consider in your plans. This book should be of interest to you if you want to understand how you can increase the service hours of a CICS/VSAM system by reducing or eliminating the batch window, or if you want to run multiple concurrent batch jobs updating common VSAM data sets. This book is written for readers who have some knowledge of CICS, VSAM, and VSAM Record Level Sharing, and who wish to understand more about DFSMStvs. The book reviews how existing products work. It introduces DFSMStvs, offering more detail on how it works, how you might migrate to it, and how you can change your applications or write new applications to exploit it. This is a companion volume to the DFSMStvs Application Migration Guide, SG24-6972, which contains practical examples of migrating programs to run in a DFSMStvs environment, and the DFSMStvs Presentation Guide,

SG24-6973, which contains an overview presentation of DFSMStvs.

Illustrated Guide to Home Biology Experiments Robert Thompson 2012-04-19 Perfect for middle- and high-school students and DIY enthusiasts, this full-color guide teaches you the basics of biology lab work and shows you how to set up a safe lab at home. Features more than 30 educational (and fun) experiments.

Confessions of a Guidette Nicole 'Snooki' Polizzi 2012-05-01 A loud, wild, cuddly and in-your-face party girl with sky-high hair and a spray tan, the pint-size Snooki has emerged as the breakout star of the wildly successful Jersey Shore. She's been parodied on Saturday Night Live, appeared on almost every major talk show (including Leno and Conan), was featured in the New York Times, and has more than 300,000 followers on Twitter. Snooki also has attracted a slew of celebrity fans, like Leo DiCaprio, Sean "Diddy" Combs, Ashton Kutcher, Demi Moore, Zach Braff and Tinsley Mortimer. This attractively designed full colour book will feature tons of photos, tips, and fascinating details from American's favourite guidette and will be a must have for fans of Snooki and Jersey Shore. * Snooki Style: The poof never dies; Waving, streaking and bangin' it - my other sick hairstyles; Why orange you tan; The guidette wardrobe - what to rock. * Guidos, Gorillas & Juiceheads: What I look for in a gorilla; Different types of gorillas; How to break up with a guido so he isn't a stage-5 cling; Warning signs that the guy is a creeper; 5 sure signs a guy isn't a guido. * How To Be a Guidette: The Guidette Pose; 12 things a guidette would never do; The Snictionary, or a Guidette's favourite words.

Guidebook to Molecular Chaperones and Protein-Folding Catalysts Mary-Jane Gething 1997-11-27 The precise shape of a protein is a crucial factor in its function. How do proteins become folded into the right conformation? Molecular chaperones and protein folding catalysts bind to developing polypeptides in the cytoplasm and ensure correct folding and transport. This Guidebook catalogues the latest information on nearly 200 of these molecules, including the important class of heat shock proteins; each entry is written by leading researchers in the field.

Applied Electromagnetics Martin A. Plonus 1978

Field Manual of Michigan Flora Edward G Voss 2012-02-08 A comprehensive guide to Michigan's wild-growing seed plants

The Only Guide to Alternative Investments You'll Ever Need Larry E. Swedroe 2010-05-13 The rewards of carefully chosen alternative investments can be great. But many investors don't know enough about unfamiliar investments to make wise choices. For that reason, financial advisers Larry Swedroe and Jared Kizer designed this book to bring investors up to speed on the twenty most popular alternative investments: Real estate, Inflation-protected securities, Commodities, International equities, Fixed annuities, Stable-value funds, High-yield (junk) bonds, Private equity (venture capital), Covered calls, Socially responsible mutual funds, Precious metals equities, Preferred stocks, Convertible bonds, Emerging market bonds, Hedge funds, Leveraged buyouts, Variable annuities, Equity-indexed annuities, Structured investment products, Leveraged funds The authors describe how the investments work, the pros and cons of each, which to consider, which to avoid, and how to get started. Swedroe and Kizer evaluate each investment in terms of: Expected returns Volatility Distribution of returns Diversification potential Fees Trading and operating expenses Liquidity Tax efficiency Account location Role in an asset-allocation program Any investor who is considering or just curious about investment opportunities outside the traditional world of stocks, bonds, and bank certificates of deposit would be well-advised to read this book.

PHP & MySQL: The Missing Manual Brett McLaughlin 2012-11-13 If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Warmed and Bound Pela Via 2011-07-01 From the heart of The Velvet a writing community built around the fervent love of neo-noir fiction comes an original anthology. Stacked with brilliant emerging writers alongside some of the strongest established voices in contemporary literature, WARMED AND BOUND crosses literary boundaries on all sides, to deliver an altogether unique reading experience. Through seemingly opposed conventions, beautiful prose makes a hard impression on the short story form. From a scary love story to a nostalgic thriller, a hardboiled pursuit of salvation to the black humor that is existentialism, WARMED AND BOUND is rogue humility and lovesick noir, where humanity is a dirty puzzle. It 's Velvet Noir. Welcome. Matt Bell Tim Beverstock Blake Butler Vincent Louis Carrella Craig Clevenger Craig Davidson Chris Deal DeLeon DeMicoli Christopher J Dwyer Brian Evenson Sean P Ferguson Amanda Gowin JR Harlan Gordon Highland Anthony David Jacques Mark Jaskowski Jeremy Robert Johnson Stephen Graham Jones Nik Korpon Gary Paul Libero Kyle Minor Doc O Donnell J David Osborne Rob Parker Bob Pastorella Gavin Pate Cameron Pierce Edward J Rathke Caleb J Ross Bradley Sands Axel Taiari Richard Thomas Brandon Tietz Gayle Towell Paul Tremblay Pela Via Craig Wallwork Nic Young"The writers of the Velvet are contemporary fiction 's most effective and least self-conscious aesthetic guerrillas . . . The result is fiction at once conceived from high artistic intent and executed with depraved populist energy." Steve Ericksonauthor of Zeroville and The Sea Came in at Midnight
