**Scalia Dissents** Antonin Scalia 2012-04-01 Brilliant. Colorful. Visionary. Tenacious. Witty. Since his appointment to the Supreme Court in 1986, Associate Justice Antonin Scalia has been described as all of these things and for good reason. He is perhaps the best-known justice on the Supreme Court today and certainly the most controversial. Yet most Americans have probably not read even one of his several hundred Supreme Court opinions. In *Scalia Dissents*, Kevin Ring, former counsel to the U.S. Senate's Constitution Subcommittee, lets Justice Scalia speak for himself. This volume—the first of its kind— showcases the quotable justice's take on many of today's most contentious constitutional debates. *Scalia Dissents* contains over a dozen of the justice's most compelling and controversial opinions. Ring also provides helpful background on the opinions and a primer on Justice Scalia's judicial philosophy. *Scalia Dissents* is the perfect book for readers who love scintillating prose and penetrating insight on the most important constitutional issues of our time.

**Emancipation's Daughters** Riché Richardson 2020-12-04 In *Emancipation's Daughters*, Riché Richardson examines iconic black women leaders who have contested racial stereotypes and constructed new national narratives of black womanhood in the United States. Drawing on literary texts and cultural representations, Richardson shows how five emblematic black women—Mary McLeod Bethune, Rosa Parks, Condoleezza Rice, Michelle Obama, and Beyoncé—have challenged white-centered definitions of American identity. By using the rhetoric of

motherhood and focusing on families and children, these leaders have defied racist images of black women, such as the mammy or the welfare queen, and rewritten scripts of femininity designed to exclude black women from civic participation. Richardson shows that these women's status as national icons was central to reconstructing black womanhood in ways that moved beyond dominant stereotypes. However, these formulations are often premised on heteronormativity and exclude black queer and trans women. Throughout *Emancipation's Daughters*, Richardson reveals new possibilities for inclusive models of blackness, national femininity, and democracy.

Visit us online at [www.1stWorldLibrary.ORG](http://www.1stWorldLibrary.ORG) - - In John Lyly's *Endymion*, Sir Topas is made to say; "Dost thou know what a Poet is? Why, fool, a Poet is as much as one should say, - a Poet!" And thou, reader, dost thou know what a hero is? Why, a hero is as much as one should say, - a hero! Some romance-writers, however, say much more than this. Nay, the old Lombard, Matteo Maria Bojardo, set all the church-bells in Scandiano ringing, merely because he had found a name for one of his heroes. Here, also, shall church-bells be rung, but more solemnly. The setting of a great hope is like the setting of the sun. The brightness of our life is gone. Shadows of evening fall around us, and the world seems but a dim reflection, - itself a broader shadow. We look forward into the coming, lonely night.

The soul withdraws into itself. Then stars arise, and the night is holy. Paul Flemming had experienced this, though still young. The friend of his youth was dead. The bough had broken "under the burden of the unripe fruit." And when, after a season, he looked up again from the blindness of his sorrow, all things seemed unreal. Like the man, whose sight had been restored by miracle, he beheld men, as trees, walking. His household gods were broken. He had no home. His sympathies cried aloud from his desolate soul, and there came no answer from the busy, turbulent world around him. He did not willingly give way to grief. He struggled to be cheerful, - to be strong. But he could no longer look into the familiar faces of his friends. He could no longer live alone, where he had lived with her. He went abroad, that the sea might be between him and the grave. Alas! Between him and his sorrow there could be no sea, but that of time.
